PROJECT DESCRIPTION:

We will develop a Healthcare
ecommerce website using
WordPress & WooCommerce

SERVICE

Health Care ecommerce Website Design &
Development – Elementor Pro + Crocoblock
Lifetime License Keys + Security + Speed
Optimization + Browser compatibility + Device
Compatibility

DURATION

30 Days

PRICE

₹80,000

This project has 1 month free support period after delivery.

We will develop a modern, high-performance eCommerce website inspired by the core shopping experience of Aroggo. The website will include essential features such as product browsing, shopping cart, secure checkout, user accounts, and order management.

The website will be built using WordPress, Elementor, Crocoblock, and WooCommerce, ensuring a responsive design, fast performance, and easy content and store management. All data will be handled through WordPress, delivering a clean interface, modern user experience, and a smooth shopping journey tailored to your brand.

Note: This price quotation is based on the provided requirements. Any changes to the scope may affect the final price.

TOTAL DURATION

30 Days

TOTAL:

₹80,000

Terms & Conditions

1. Scope of Work

This quote covers design and development of pages and functionalities included in the project requirement document or slide. Any additional features will require a separate quote.

2. Payment Terms

50% upfront payment is required to begin the work.

This approach helps us allocate resources efficiently and maintain a consistent workflow.

 **No refunds once the milestone has begun.**

3. Timeline & Delays

The estimated project duration is 30 weekdays (excluding government holidays) from the date of advance payment. Any delay in client feedback or content submission will extend the timeline accordingly.

4. Confidentiality

All shared information will be treated as confidential and will not be disclosed to third parties.

5. Support Policy

Our project includes 1 month of free support after delivery. This support covers minor changes such as colors, text, and images.

Any additional functionality is not included in the free support period. If you wish to add extra features during the support period, these will be charged separately, based on your specific requirements.

6. Post-Support Changes

After the free support period, all changes will be billed separately. The cost will be determined based on your specific requirements.

7. Content & Assets

Client is responsible for providing all required content (image, graphics, text, audios or videos). Delays in content submission will affect delivery timeline.
